Procedures related to the Security Export Control in Japan

Nagoya University (Tokai National Higher Education and Research System) has established the Tokai National Higher Education and Research System Security Export Control Rules (hereinafter referred to as the "Rules") in accordance with the security export control system under the Foreign Exchange and Foreign Trade Act. We conduct rigorous screening for exports of goods and transfers of technology (including the admission of individuals).

Please note that if an applicant is found to be in violation of the Rules, admission may not be granted even if the individual passes the entrance examination, or research activities after enrollment may be restricted. For more information, please visit the website below.

Additionally, individuals subject to these restrictions will be notified separately. Please be aware that in such cases, if an examination fee has already been paid, it will not be refunded.
